SUMMARY

A creative front-end developer with almost 3 years of experience. Skilled and experienced in designing, developing, and testing websites using up-to-date technologies. Have professionally used JavaScript, React, Next.js, HTML programming languages. Eager to face more challenges regarding ways to optimize user experience.

WORK EXPERIENCE

Frontent Developer | Fiverr | Freelance
2022 - 2024

- Converted detailed Figma designs into fully responsive and optimized web pages using HTML, CSS, React.js, and Next.js, ensuring cross-browser compatibility.
- Enhanced and redesigned client websites to improve performance, responsiveness, and user experience, significantly reducing load times.
- Integrated payment systems into existing platforms, enabling secure and efficient transactions.
- Implemented advanced search functionality to improve website usability and enhance the user experience by making content more accessible.
- Developed complete websites from the ground up, incorporating best practices in UI/UX design to create user-friendly and visually appealing interfaces.

Rajawali Cipta Berkah | Fullstack Developer | Onsite
2024 Sep - Now

- Developed and maintained a web application to streamline data entry processes and inventory management.
- Built and implemented a product catalog system to display items for sale with user-friendly navigation.
- Created an admin dashboard for efficient order tracking, stock management, and delivery processing.
- Integrated stock management and delivery systems to ensure accurate order fulfillment.
- Collaborated with the team to ensure the application met business needs and improved operational efficiency.

SKILLS

- Typescript
- Javascript
- React JS
- Next.js
- TailwindCSS
- Bootstrap
- HTML
- CSS
- Axios
- Redux/Context API
- React Query
- Figma
- Rest API
- SCRUM/Agile

AREA OF EXPERTISE

- **Frontend Development:** React, Tailwind CSS, HTML, CSS, JavaScript, TypeScript
- **State Management:** Redux, Context API, Zustand
- **Backend Integration:** RESTful APIs
- **Version Control:** Git, GitHub
- **Database & Hosting Services:** MongoDB, PostgresSQL, Firebase
- **Testing Frameworks:** Jest, React Testing Library
- **UI/UX Design:** Figma, Responsive Design Principles
- **Performance Optimization Techniques:** Lazy Loading, Code Splitting
- **Tools:** VSCode, Postman, Webpack

EDUCATION

Vocational High School | SMK IBS TQ
Computer and Network Engineering
Graduated - 2020

Universitas Wiralodra
Faculty of Economics
2020 - Presents (On Academic Leave)

PROJECT HIGHLIGHTS

1. **Custom E-commerce Frontend**
Led the development of a fully responsive e-commerce platform using Next.js and TypeScript. Implemented features allowing users to create custom phone cases.
Challenge: Ensuring consistent UI/UX across devices while optimizing image processing in real-time.

2. **Responsive Music Player UI**
Built the frontend for a music player application with React and Tailwind CSS. Designed for seamless playback and smooth transitions on various screen sizes.
Challenge: Managing dynamic UI updates for playlists and controls without compromising performance.

ADDITIONAL SKILLS

- **Learning Enthusiast:** Committed to continuous learning, particularly in web technologies and frameworks.
- **Communication:** Effective in collaborating with clients and team members to achieve project goals.
- **Adaptability:** Quick to adapt to new tools, technologies, and workflows.
- **Time Management**: Proficient in handling multiple projects simultaneously, ensuring timely completion.
- **Agile Mindset**: Experienced in working within agile development environments
- **Team Collaboration:** Comfortable working closely with cross-functional teams
